Legal Information

The Schneider Electric brand and any trademarks of Schneider Electric SE and its subsidiaries referred to in this guide are the property of Schneider Electric SE or its subsidiaries. All other brands may be trademarks of their respective owners.

This guide and its content are protected under applicable copyright laws and furnished for informational use only. No part of this guide may be reproduced or transmitted in any form or by any means (electronic, mechanical, photocopying, recording, or otherwise), for any purpose, without the prior written permission of Schneider Electric.

Schneider Electric does not grant any right or license for commercial use of the guide or its content, except for a non-exclusive and personal license to consult it on an "as is" basis. Schneider Electric products and equipment should be installed, operated, serviced, and maintained only by qualified personnel.

As standards, specifications, and designs change from time to time, information contained in this guide may be subject to change without notice.

To the extent permitted by applicable law, no responsibility or liability is assumed by Schneider Electric and its subsidiaries for any errors or omissions in the informational content of this material or consequences arising out of or resulting from the use of the information contained herein.

Overview

Message Generator (MSG) block generates state change messages for Intelligent Field Devices and control schemes requiring simple message generation.

The MSG block can receive up to eight message requests from Intelligent Field Devices and generate a state change message for each state transition (0-to-1 or 1-to-0). For each message request input, the user can assign state change text or in the case of the Hydrostatic Tank Gauge (HTG), have the text imported from the ECB13 block supporting HTG in the same station.

Standard Features

- Eight state change message indicators
- One of eight alarm device group assignments
- Up to 16 state messages
- Auto mode

 **WARNING:** This product can expose you to chemicals including lead and lead compounds, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov/.
